

CSP Waiver Request: "Operator of Record"

I certify that even though I am not listed with FSA as the Operator on this farm(s) (I am listed as other producer associated with the farm, other tenant) on this Conservation Stewardship Program Contract, that I am the Operator of Record. FSA is not able to list me as Operator because of how the farm is set up and how the DCP payments are set up. I would like to request a waiver to being listed as the Operator.
