Ranking Tool Summary

for FY2013 - FY13 Certified Organic

(Released 11/09/2012)

Description:

National Bulletin 300-13-3, National Programmatic and Landscape Conservation Initiative Guidance - Fiscal Year (FY) 2013 dated October 26, 2012, provided State Conservationists (STCs) and the Directors, Caribbean and Pacific Islands Areas, with guidance for administering FY 2013 national programmatic and landscape conservation initiatives funded through the Environmental Quality Incentives Program (EQIP), Agricultural Management Assistance (AMA) program, and Wildlife Habitat Incentive Program (WHIP). Attachment D (13 pp.) of NB 300-13-3, provided instructions specific to the National Organic Initiative (NOI) including the establishment of subaccounts and application ranking tools. Before processing applications, planners should also be thoroughly familiar with the Regulation and Final Rule for the Environmental Quality Incentives Program (7 CFR 1466) and the NRCS Manual, Title 440 - Programs, in general with specific emphasis on Part 512 - Conservation Program Contracting and Part 515 - Environmental Quality Incentives Program. National Bulletin 300-13-1, dated October 10, 2012, provides direction for processing applications for Conservation Activity Plans (CAPS) for FY 2013. The ProTracts application type of "planning" or "plan-organic" must be associated with each EQIP CAP application and ranking of these applications is required for FY 2013 ProTracts will not allow the application to be approved or obligated without a ranking score for applications for CAPS. Eligible EQIP applications for CAPs may be approved on a continuous basis, as funds are available.
