Ag Dept,

The time to remove the corporate parasites from excessive subsidies and payments once meant for the small farmer. Please put a lid on eligibility for payments to grow, not to grow or in any way receive payments for farmers whose incomes exceed \$100,000 annually. If they choose to become larger than the family farmer, they are not entitled to have payments from taxes paid by the very people they are trying to destroy and the rest of us.

This is not a society for corporate greed; if the ADMs, Cargills, and Bunges are unable to make it without our support; then show them where to find a bankruptcy attorney.
