Biology Technical Note No. 31

July 2011 Revision 1

## NATIONAL BIOLOGY TECHNICAL NOTES

National Biology Technical Notes include Fish and Wildlife Habitat Management Leaflets, Fish and Wildlife Insights, summaries of graduate research and other scientific studies or literature reviews funded by NRCS, case studies, and other technical documents.

Many of the National Biology Technical Notes are available on the National NRCS web site at:

<http://www.nrcs.usda.gov/technical/ECS/database/technotes.html>

The complete listing of National Biology Technical Notes available for download can be found on the Electronic Directives System [<http://directives.nrcs.usda.gov/>] under Technical Notes, Title 190 – Ecological Sciences, Biology.
