

## ***Rule of Thumb Numbers for Calculating "Protected Infrastructure"***

Section 2F of DSR

<b><i>Item Protected</i></b>	<b><i>Cost</i></b>	<b><i>Notes</i></b>
Private Bridge	\$3000-\$5000	Depending on quality
Private Culvert	\$1800-\$2500	Depending on size and quality
County Road Culvert	\$1800-\$2500	Depending on size and quality
County Pre Cast Concrete Box Culvert	\$20,000	
County Pre Cast Concrete Bridge	\$50,000-\$75,000	
County Road - Gravel	\$15/LF	
County Road - Blacktop	\$25/LF	
County Road - Base Replacement plus black top	\$65/ LF	
Public Water Line	\$10 / LF	
Public Utility- single pole, single line	\$800/each	
Public Utility- single pole, multiple lines	\$1800/each	
Public Utility - single pole, multiple lines, transformer	\$3500/each	
Single Wide Mobile Home	\$40,000/each	Condition and Area Specific, typically assume 80%-100% damage
Double Wide Mobile Home	\$65,000/each	Condition and Area Specific, typically assume 80%-100% damage
Wood and Brick Sided Homes	\$80,000-\$125,000/each	Condition and Area Specific, try to estimate depth of water in house to judge percent damaged, generally 25%-30% damage if water gets in first floor only

Note: Estimates were completed in 2009.
